Quick Guide: Special Instructions To Applicants

The Special Instructions to Applicants field is designed to allow your unit to include any specific directions for the applicant to see during the application process. This can include information about search time frames, deadlines, reference process, or instructions on specific application documents.

For example, if you would like your applicants to attach a specific type of document at the front end of the application process, those directions should be located in the Special Instructions field. (see end of this document for more examples)

The FacultyJobs System posting process provides you with two opportunities to include special instructions to applicants.

1. The field first appears at the start of the posting creation process.

Revised 1-15-16
2. The second time the **Special Instructions to Applicants** field appears is at the *Posting Information* section when creating a posting.

If any instructions were added on the first page when initiating the posting they will be carried over to the *Posting Information* section. You may edit or delete any previously entered instructions on this screen if necessary.
How the Special Instructions Appear to Applicants on the Live Job Posting

The Special Instructions to Applicants adds a unique box to the top of each posting in the applicant portal. The header, “Please see Special Instructions for more details”, is there by default to alert the applicant further instructions have been provided to assist them with the application process.

The below screenshot allows you to see how this feature will look to applicants when used.
