

# UGA STAFF COMPETENCY MODEL:

Performance Management Rubrics

## INTRODUCTION

---

University Human Resources is excited to introduce the UGA Staff Competency Model into the performance management process. The effort to create this model was successful due to the engagement of many people across UGA from 2018-2021. This includes over 6,000 staff members who participated in surveys and focus groups, an advisory group of human resources and financial officers from 50 major and administrative units, UGA's Organizational & Industrial Psychology Program and our University leadership. We have partnered with the **Engage & Learn** efforts to shift the organizational culture with stronger emphasis on continuous learning and performance improvement for all staff.

## INSTRUCTIONS

---

Technical instructions will be available Fall 2024

## RATING SCALE

---

1. **Does Not Meet Standards:** Does not consistently meet expected standards. Additional direction and support is needed on several behaviors.
2. **Developing:** Sometimes meets standards. Needs continued development (additional learning/training) or direction on one or more behaviors.
3. **Consistently Delivers:** Consistently meets standards. Demonstrates a strong understanding of roles and responsibilities. Requires little to no additional direction or support to achieve expected standards.
4. **Exceeds Standards:** Consistently delivers on expected standards and demonstrates a pattern of one or more of the role model behaviors.
5. **Role Model:** Consistently exceeds or delivers beyond expected standards for all behaviors. Influences others to perform better.

## OVERALL SCORING

---

Individual KSAO ratings are averaged to determine an overall competency score. All scores are averaged to generate a final evaluation score.

### Core Competencies

Acts with Integrity

Communicates Effectively

Learns & Shares

Makes Sound Decisions

Serves Others

### Leadership Competencies

Champions Innovation

Supervises Others

**Competencies** are knowledge, skills, abilities, and other characteristics (KSAO's) that contribute to individual success in the organization; they focus on "how" things get done. Competencies help drive individual and organizational performance.

**Core competencies** apply to all staff employees and include **Integrity, Communication, Learning, Decision Making, and Service**. These core competencies have been identified as critical for all levels of staff employees to demonstrate on a consistent basis for individual and organizational success.

**Two additional competencies** have been identified as critical for staff in supervisory and/or organizational leadership roles. These include **Supervision and Innovation**.

For each KSAO within a competency you will find specific behavior examples, identified as non-supporting and supporting behaviors, that anchor each level of performance. These behaviors are examples of what behaviors could look like and **are not inclusive** of all behaviors that demonstrate each level of performance for the competency. Rather, the behaviors are provided as a tool to help guide self or supervisory evaluations of staff employee performance and should not be used as a checklist for an employee's behaviors. When using these behaviors as a tool it can help form an image of a staff employee's performance compared to the University's expectation.
