

UGAJobs Quick Guide: Recommendations

The UGAJobs system offers two options for collecting an applicant's letters of recommendation. In addition, you may collect references off-line and upload to a candidate's application at any time during the search process. The way in which you collect these recommendations will depend on which option was chosen when the posting was created. Each option and its resulting action is listed below:

Option 1: Candidate Uploads Letters of Recommendation

- This option for obtaining letters of recommendation requests the candidate upload them as part of their initial application.
- When the position posting was created, *optional* or *required* should have been selected next to **Three Letters of Recommendation** on the **Applicant Documents** tab.

NOTE: If *required* was selected, applicants will be unable to certify and submit their applications without uploading all required documents.

Option 2: Collect Letters of Recommendation

- When the position posting was created, on the **External Recommendations** tab you are asked to select **Yes** or **No** if this position will accept reference letters.
- If you select **Yes**, uploading reference letters will be required for applicants and applicants will be unable to certify and submit their applications without uploading all required documents.
- This keeps the letters confidential so candidates cannot see the letters when viewing their application

NOTE: If **No** was selected, applicants will be able to certify and submit their applications without uploading Reference documents. Once an applicant submits their application and completes the certification process, he/she will not be able to access their application at a later date to add any additional documents.

If an applicant would like to update or replace a document in their application, please have the candidate reach out to Central HR or the Office of Faculty Affairs or email hrweb@uga.edu.

Contacting References

At the appropriate time in the process, you can manually send a recommendation request email to the reference provider from the **Recommendations Tab** on the applicant's job application. This is done by accessing the specific applicant(s) you wish to request references from.

Step 1: Using the **Applicants Tab** in the position, you will see a list of applicants who applied to your position. *Remember to click on the name of the candidate to open their application.*

Step 2: Select the **Recommendations Tab** located next to the Summary Tab.

No recommendations have been submitted for this application.

You also now have the ability to **Resend** a request if time has passed and a response has not been received.

Reference Provider Experience

Once the email is triggered, the reference provider receives an email notification with instructions on how to provide feedback. Each message contains a unique link that allows the recipient to respond confidentially. The link expires when the reference provider uploads a letter of recommendation or completes the recommendation form.

The provided link takes them to this website:

The reference provider has the opportunity to:

A. Copy and paste information into the *Comments* box on the **Submit a Recommendation** link

B. Upload a Recommendation Letter through the **Submit a Recommendation** link.

Applicants will be notified when recommendations have been finalized and submitted; however, they will not have the ability to view the confidential information included.

NOTE: Instructions on where to send recommendation letters should be provided in the *Instructions to Reference* box when creating the position posting.

Recommendation Letters Received

Once the recommendation has been completed and submitted by the reference provider, it will appear as part of the candidate's job application and can be viewed by revisiting the steps to contact references previously stated.

By selecting the submitted recommendations hyperlink, the *Recommendation Form* appears. At the bottom of the *Recommendation Form*, you will find a link to the uploaded recommendation letter.

Since recommendations become a part of individual applications, when you download a batch of applications as a single PDF, the uploaded recommendation letter will be included.

The uploaded recommendation letter is also included as part of the *Combined Document* in each individual job seeker's application.

Option 3: Collect Letters of Recommendation Outside of the UGAJobs System and Upload to a Candidate's Application

Letters submitted outside of the UGAJobs system can be uploaded as a part of the application materials for a specific candidate.

Be sure to provide detailed instructions to both the reference provider and the applicant

- **Instructions to Reference Box:** Instructions to the individuals providing the reference (referee) can be detailed in the box labeled *Instructions to Reference* on the posting. This should include contact information in the event the referee would prefer to send hard copies or a reference letter on letterhead.
- **Special Instructions Box:** The special instructions box is a way for you to provide detailed instructions to your applicants on how reference letters will be handled. This may include providing the contact information for the Committee Search Chair and/or unit contact in the event the candidate has questions regarding the reference process. This is also a way for you to allow candidates to upload Letters of recommendations themselves, if applicable.
 - If you elect to use this option, in the **Applicant Documents** section when creating a posting select **Other Document #1 or #2** and instruct applicants to upload Reference letters this way. The *Special Instructions to Applicants* field can be found in the *Posting Details* section when you create your posting.

Special Instructions to Applicants

What are some examples to include in this section?

- Search time frames
- Deadlines
- Instructions on required or optional Application Documents
- Reference Process
