# **UGAJobs Quick Guide:** Recommendations

The UGAJobs system offers two options for collecting an applicant's letters of recommendation. In addition, you may collect references off-line and upload to a candidate's application at any time during the search process. The way in which you collect these recommendations will depend on which option was chosen when the posting was created. Each option and its resulting action is listed below:

# **Option 1: Candidate Uploads Letters of Recommendation**

- This option for obtaining letters of recommendation requests the candidate upload them as part of their initial application.
- When the position posting was created, *optional* or *required* should have been selected next to **Three** Letters of Recommendation on the Applicant Documents tab.

**NOTE**: If *required* was selected, applicants will be unable to certify and submit their applications without uploading all required documents.

# **Option 2: Collect Letters of Recommendation**

- When the position posting was created, on the **External Recommendations** tab you are asked to select **Yes or No** if this position will accept reference letters.
- If you select **Yes**, uploading reference letters will be required for applicants and applicants will be unable to certify and submit their applications without uploading all required documents.
- This keeps the letters confidential so candidates cannot see the letters when viewing their application

**Step 1:** Using the **Applicants Tab** in the position, you will see a list of applicants who applied to your position. *Remember to click on the name of the candidate to open their application.* 

Step 2: Select the Recommendations Tab located next to the Summary Tab.

Each message contains a unique link that allows the recipient to respond confidentially. The link expires when the reference provider uploads a letter of recommendation or completes the recommendation form.

The provided link takes them to this website:

# **Option 3: Collect Letters of Recommendation Outside of the UGAJobs System and Upload to a Candidate's Application**

Letters submitted outside of the UGAJobs system can be uploaded as a part of the application materials for a specific candidate.

#### Be sure to provide detailed instructions to both the reference provider and the applicant

- Instructions to Reference Box: Instructions to the individuals providing the reference (referee) can be detailed in the box labeled *Instructions to Reference* on the posting. This should include contact information in the event the referee would prefer to send hard copies or a reference letter on letterhead.
- Special Instructions Box: The special instructions box is a way for you to provide detailed instructions to your applicants on how reference letters will be handled. This may include providing the contact information for the Committee Search Chair and/or unit contact in the event the candidate has questions regarding the reference process. This is also a way for you to allow candidates to upload Letters of recommendations themselves, if applicable.
  - If you elect to use this option, in the Applicant Documents section when creating a posting select
     Other Document #1 or #2 and instruct applicants to upload Reference letters this way. The
     Special Instructions to Applicants field can be found in the Posting Details section when you create your posting.
