Have you been diagnosed with Type II Diabetes in the last 1-5 years?

Help us understand how you manage your Diabetes.

We are recruiting adults for a research study about managing Type II Diabetes. Participants receive $30 for a two hour session (includes a focus group discussion and surveys). If you are 21 years old or older, have been diagnosed with Type II Diabetes 1-5 years ago, are not currently using insulin, and own a smart electronic device, you may be eligible.
